## Application Process

### We make the complex understandable.

Whether it's helping you complete and submit your Social Security Disability Insurance application or working through the appeals process, we are with you every step of the way—helping to make this complex and time-consuming process simpler for you and your loved ones.

While the application process can be long and overwhelming, our goal is to move you as quickly and directly as possible to receiving your benefits. We excel at helping our clients get early awards, which means you often don't need to go through every step to receive your benefits.

*"From day one I could not have asked for a more professional as well as compassionate group to deal with. You certainly made a difficult and somewhat confusing situation very easy."*
